4TH INTERNATIONAL CONFERENCE ON URBAN AND REGIONAL ECONOMICS
"Contemporary Urban Policy – European Perspective"

12-13 October 2017, Katowice

Conference website: www.ue.katowice.pl/ure

Conference objectives:

The conference will bring together academics, policymakers and practitioners to take stock of the developments in the interdisciplinary urban studies and related questions of urban policy, urban governance and collaborative planning. The meeting will seek to better understand the ideas of participatory approach to urban development and discuss new concepts such as urban commons, cooperative cities and sharing cities. Last but not least, the meeting will be a opportunity to integrate academics and discuss future research projects in the field of urban and regional studies.

Conference themes:

1. Urban policy – theory and practice
2. Collaborative planning and governance in cities
3. Urban commons, local public goods and club goods in cities
4. Sharing economy, circular economy and urban development
5. Urban regeneration strategies, tools and projects
6. Urban laboratories and experimental economics in urban studies

Important dates:

30 August 2017	Abstract submission
4 September 2017	Notification of acceptance
