

2nd International Seminar

URBAN AND REGIONAL ECONOMICS – CENTRAL EUROPEAN PERSPECTIVES

6-7 June 2013, Katowice

Organized by:
Department of Spatial Economics

Uniwersytet
Ekonomiczny
w Katowicach

Objectives and themes:

Objectives:

The main objectives of the 2nd International seminar are:

- Academic debate on actual issues of urban and regional economics in Central Europe
- Identify similarities and differences between the economics of cities and regions in Central Europe
- Integration of academics from Central European countries in order to develop joint research projects and improve education in urban and regional studies

Themes

We welcome papers from following themes:

1. **Urban and regional competitiveness and entrepreneurship** – regional innovations, industrial clusters, labour markets and migration effects
2. **Land use policy for cities and regions in transition** – *economic consequences of national, regional and local regulations*
3. **Urban and regional public services and infrastructure** – *delivering and financing in time of austerity*
4. **Urban and regional economic resilience** – *factors determining adaptability of cities and regions*
5. **EU regional policy and its impact on cities and regions in Central Europe** – *economic assessment (2007-2013) and perspectives (2014-2020)*
6. **Urban real estate economics** – changes on land, housing, industrial retail and office markets and their impacts on urban and regional economics
7. **Governance and civic initiatives in urban and regional planning** – *innovative ways of mobilizing, involving and empowering stakeholders in decision making processes*
